

PIPETTE TIP

Micropipette tips, made from high quality polypropylene. Tips are manufactured with the highest precision to ensure accurate and repeatable results in dispensing.

Name:	Pipette tip 1250 µl
	for laboratory use only
Code number:	PIT91806

Specification:	
Packaging:	1.000 pcs/bag 10.000 pcs/case
Packaging material:	PE bag
Material:	High quality PP random copolymer
Colour:	Water clear
Volume:	100 – 1250 µl
Size:	97,6 x 8,8 mm
Heat resistance:	Autoclavable
Sterility:	Non-sterile
Note:	-

Storage conditions: Store in a dry place at room temperature.

Quality control: The conformity of the parameters above is checked by the Quality Control Laboratory.
